

GEM

The Best Choice

产品特点:

- 采用当前最先进流水线设计,国内首创整机模具化制作工艺,外观豪华大方,操作舒适,易清洁,耐腐蚀。
- 内窥镜预热器采用触摸开关,时间自动控制,安全性高。
- 人性化设计的聚光斑冷光照明装置,更适合医生临床使用。
- 喷枪精密的回路设计,雾化均匀,颗粒精细。
- 智能内置式吸引装置,增强整机美观,使用方便,集中式污物管理乃医疗污物的最佳处理方式。
- 选用无油静音压缩机,特有的悬挂式设计,大功率,低噪音。
- 整机电路采用先进的微电脑控制技术,设有自动保护系统。
- 整机可选配阅片灯,内窥镜影像系统等设备,功能更加齐全,方便医生的诊断。

CHARACTERISTIC:

- Used the most advanced design with moulding technics, the table is luxury and generous outside, Operating comfortable, easy to clean, unrust.
- Pre-heat adopts the touching switch with high security to control the time automatically.
- Special design with built-in luminescence, save diagnosis and treat space mostly.
- Focus luminescence operating light with personal design, more suitable for clinical use of the doctor.
- Accuracy loop design, spray equality, refine granule.
- Brainpower suction equipment with built-in, boost up the finery for whole, convenience to use, feculence management centralize is the best way to deal for medical.
- Using advanced micro computer control technology, including automatic protection system.
- Using oil free noiseless compressor, special design for the hanging, high power, low noise. Select the film viewer, endoscope system, etc. as a whole can ease the diagnose.
